

Covid-19: Member updates

Due to the current situation with the Covid-19 virus we will endeavour to keep this member update as relevant as possible.

Please check websites for more information

Centre 33

“Due to the Coronavirus we have had to close our hubs temporarily and we will not be holding any appointments, drop-ins or meetings until further notice. Instead we will be offering support via telephone or video calling. If you have a booked appointment or meeting then this is now cancelled, and we be in touch when we open again.”

Disability Huntingdonshire

As from Monday 3rd March, Disability Huntingdonshire will be suspending home visits to clients for the foreseeable future. Other arrangements will be being made.

This has been a difficult decision but a necessary one to ensure the safety of our staff team and to also try to carry on working and supporting our disability community.

If you have an appointment due, then we will be in touch with you to determine next steps.

Tracy Hyland CEO DISH

National Autistic Society

Due to the Coronavirus outbreak, and following guidance from the government and National Autistic Society central office, we regret that we have now suspended all our regular branch groups.

We will continue to offer support through our Facebook group, helpline and email service.

This is a rapidly developing situation, so please check back on our website regularly for further updates or join our [NAS Cambridge Facebook Group](#) for notifications.

Disability Cambridgeshire

Like many other organisations we have taken the unprecedented step to close our office in Orwell House until the 4th of May when we will review the situation again.

We want to reassure you that our caseworkers will be working from home and will continue to support their clients. Just like the CAB we will not be able offer appointments or home visits, but we will communicate by phone and email.

Please go to our website for full details

[Godmanchester FB Operating procedure.](#)

Following the Government announcement last night;

With effect from 24 03 2020;

- GFB will continue to operate in the medium, and we hope, longer term.
- Our main priority is ensuring the safety of everyone who comes to a food bank – whether it's someone needing help, someone volunteering their time, or someone making a donation – and so stringent social spacing and restriction of activity is in place.
- Our 'target group' remains people who are in food crisis and are referred to us with a voucher from a registered agency.
- We cannot replace the shops as a food source and we rely on food donated by shoppers. We cannot buy to make up stocks if there is no food to buy.

[Headway Cambridgeshire Update](#)

In light of the most recent government guidelines relating to coronavirus, and in order to prioritise the safety of our clients, carers, staff and volunteers, we have now temporarily suspended delivery of all our group programmes across the county (for the full list of affected services click [here](#)).
